Two Ottawa historical researchers can help...

Are you proud of your house and curious about its past? Looking for interesting stories that might help sell your property or market your business? Do you have questions about your ancestors or other local history? Don't have the time or know where to start?

We can help you find the answers. Over the last ten years we have prepared over 20 social and legal histories of various properties in the Ottawa region, as well as shorter descriptions for local real estate companies.

You can find copies of our recent work on our website <http://househistory.tricolour.ca/> or in the Ottawa Room at the Main Branch of the Ottawa Public Library.
